## SUPPER CLUB PARADES

Late nights at Louis are a spectacular display of escapism, elevated Italian American cuisine and chic mixology set to a curated playlist of party classics. Live bands build the energy hit after hit until resident DJs and performers take stage and drive the party into the early hours.

Whilst the city sleeps Louis becomes a magnet for authentic pleasure seekers, delivering a truly immersive experience combining epicurean theatre and behind-closed-doors decadence. Our homage to an age when the silver screen really was silver, black tie danced with white cocktail dress and Champagne was served by coupes. Pull back the red velvet curtain and step into your own private booth, reserved exclusively for those that live in the moment.
